(PDF) The Twin Processes of Nation-Building and State-Building

The Making of English National Identity, first published in 2003, is a fascinating exploration of Englishness and what it means to be English. Drawing on historical, sociological and literary theory, Krishan Kumar examines the rise of English nationalism and issues of race and ethnicity from earliest times to the present day.

Nation making : emergent identities in postcolonial ...

Volumes of essays do not always have the rationale that sustains this excellent collection. In bringing together views from a single region, contributors enhance one another's perspectives in the timely reminder that, despite categorization ("nations" in the making, a "postcolonial" Melanesia), individual trajectories take their own paths. Nation-making is taken as an imaginative exercise ...
